

# Material Safety Data Sheet

TC-808 PART B

Date of Preparation: 08/27/2001

Revision: 08/27/2001

## Section 1 - Chemical Product and Company Identification

**Product Name:** TC-808 PART B

**Product Class:** Polyurethane curing agent

**Chemical Type:** Polyol blend

**Manufacturer:** BJB Enterprises, Inc., 14791 Franklin Avenue, Tustin, CA 92780, Phone (714) 734-8450, Fax (714) 734-8929, (M-Th: 8-4:30, F: 7:30-4), Emergency Phone: Chemtrec (800) 424-9300 or (703) 527-3887

## Section 2 - Composition / Information on Ingredients

Ingredient Name	CASRN	% wt
1. Polyether polyol	9082-00-2	45±5
2. Polyether polyol, tertiary amine bearing	25214-63-5	30±5
3. Tetrahydroxypropyl Ethylenediamine	102-60-3	<5
4. Zeolite	Proprietary	<5

**Trace Impurities:** N/A

Ingredient	OSHA PEL		ACGIH TLV		NIOSH REL		NIOSH IDLH

#2	NE	NE	NE	NE	NE	NE	NE
#3	NE	NE	NE	NE	NE	NE	NE
#4	NE	NE	NE	NE	NE	NE	NE

## Section 3 - Hazards Identification

### ☆☆☆☆☆ Emergency Overview ☆☆☆☆☆

Appearance: Creamy white liquid; Odor: slight amine odor; Avoid skin contact. Avoid breathing vapors.  
May cause eye and skin irritation. Use in well-ventilated areas.

**HMIS**  
**H** 1  
**F** 1  
**R** 0  
**PPE**<sup>†</sup>  
<sup>†</sup>Sec. 8

### Potential Health Effects

**Primary Entry Routes:** Eye and skin contact; accidental ingestion.

**Inhalation/Ingestion:** Not likely. Possible nausea or gastric distress if ingested. No reports of adverse effects.

**Eye:** May cause irritation, burning, and redness.

**Skin:** May cause irritation due to dryness or mild alkali effect.

**Medical Conditions Aggravated by Long-Term Exposure:** None known.

## Section 4 - First Aid Measures

**Inhalation:** Not likely. Remove to fresh air environment.

**Ingestion:** If swallowed, call a physician immediately. Remove stomach contents by gastric suction or induce vomiting only as directed by medical personnel. Never give anything by mouth to an unconscious person.

**Eye Contact:** Flush eyes with clean, lukewarm water for 15 minutes. Obtain medical attention if irritation develops.

**Skin Contact:** Remove contaminated clothing and wash affected areas well with soap and water. Launder contaminated clothing before use.

**Note to Physicians:** Treat any ill effects symptomatically.

## Section 5 - Fire-Fighting Measures

**Flash Point/Method:** 360°F (182°C) PMCC

**Autoignition Temperature:** N/A

**Flammability Classification:** N/A

**Extinguishing Media:** Water spray, foam, or dry chemical extinguisher.

**Unusual Fire or Explosion Hazards:** Oxidation may occur if over-heated for long periods or during a fire.

**Fire-Fighting Instructions:** Cool fire exposed containers with water spray. Remove containers from fire area if possible. Do not release runoff from fire control methods to sewers or waterways.

**Fire-Fighting Equipment:** Firefighters should wear positive pressure self-contained breathing apparatus (SCBA) and consider use of unmanned hose holders or monitor nozzles for fighting large fires.

## Section 6 - Accidental Release Measures

**Spill /Leak Procedures:** Provide adequate ventilation and wear personal protective equipment. Evacuate personnel as a precaution. Prevent product spill from entering sewers, streams, or drinking water supplies. Collect liquid or soak up with inert filler or an absorbent, such as dry earth, sand, or oil absorbent (sweeping) compound. Collect material into suitable containers for disposal. Wash area with dilute ammonia solution.

**Containment:** For large spills, dike ahead of liquid spill for later neutralization, absorption, clean up, and disposal.

## Section 7 - Handling and Storage

**Handling Precautions:** Avoid contact with eyes, skin and clothing. Avoid breathing vapor over open container. Avoid excessive exposure to humid air.

**Storage Requirements:** Store in a cool, dry place away from excessive heat in original or similar waterproof containers. Avoid unnecessary contact. Protect from freezing. Containers should be tightly sealed to prevent contamination with foreign materials.

**Shelf life:** 6 months under manufacturers recommended storage conditions.

## Section 8 - Exposure Controls / Personal Protection

**Eye Protection Requirements:** Safety goggles or glasses are recommended. Plastic face shield should be worn for complete face protection.

**Skin Protection Requirements:** Impermeable gloves should be worn. Employees should wash their hands and face before eating, drinking, or using tobacco products.

**Ventilation/Respiratory Requirements:** Use in a well-ventilated area. Mechanical exhaust is preferred. An organic vapor cartridge or fresh air supplied respirator may be necessary for certain applications. Consider the type of application, environmental concentrations, and other materials being used concurrently when determining respirator use and selection. Observe OSHA regulations for respirator use (29 CFR 1910.134).

**Additional Protective Measures:** Safety showers and eye wash stations should be easily accessible to the work area. Training is important. Follow all label precautions.

## Section 9 - Physical and Chemical Properties

**Physical State:** Opaque liquid

**Appearance and Odor:** Creamy white; slight amine odor

**Vapor Pressure:** NE

**Specific Gravity (H<sub>2</sub>O=1):** 1.02

**pH:** N/A

**Water Solubility:** Slight

**Boiling Point:** Decomposes

**Viscosity:** 400 cps

**% Volatile:** Nil

**V.O.C. (ref EPA meth 24):** None

## Section 10 - Stability and Reactivity

**Stability:** TC-808 PART B is stable at room temperature in closed containers under normal storage and handling conditions.

**Polymerization:** Hazardous polymerization will not occur.

**Chemical Incompatibilities/Conditions to Avoid:** Strong oxidizers, acids. Keep material dry. Restrict exposure to humid air.

**Hazardous Decomposition:** N/A

## Section 11- Toxicological Information

No Toxicological Information Available

## Section 12 - Ecological Information

No Ecological Information Available

## Section 13 - Disposal Considerations

**Waste Disposal Method:** Waste material may be incinerated in compliance with federal, state, or local environmental control regulations.

**Section 14 - Transport Information**

**DOT**  
Not regulated

**IATA/ICAO**  
Not regulated

**IMO/IMDG**  
Not regulated

**Section 15 - Regulatory Information****U.S. Federal Regulations:****OSHA:**

This document has been prepared in accordance with the MSDS requirements of the OSHA Hazard Communication Standard.

**SARA TITLE III:**

Sections 311/312 Hazard Classification: None

Section 313: This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372:

None

**TSCA:** This product or its components are listed in or exempt from the TSCA inventory requirements.

This product contains the following substances subject to export notification under Section 12 (b) of TSCA:

None

**Section 16 - Other Information**

**Reason for Issue:** Revised Sections 7, 9 & 15

**Prepared By:** S.F. Marks

**Approval Date:** 08/29/2001

**Supersedes Date:** 04/26/1999

**Disclaimer:** This information is furnished without warranty, expressed or implied, except that it is accurate to the best knowledge of BJB Enterprises, Inc.
